

# RefectoCil® Eyelash Lift Kit Ultra

36 applications

Lash Lift and Brow Lamination treatments must be performed by a trained therapist or beauty professional.

The NEW RefectoCil® Ultra Lash Lift & Brow Lamination Dual Purpose Kit is here! The patented pink power perm containing keratin and cysteine works in just **13 minutes (8+5 minutes processing time)**.

Lash lifting is perfect for those who want a low maintenance alternative to lash extensions. The RefectoCil® Ultra Lash Lift kit includes Self-adhesive silicon lash lift pads in four sizes (S, M, L, XL) enabling fully customised treatments.

The RefectoCil® Brow Lamination treatment produces a fuller more 'lifted' appearance to the brows. Brows appear more voluminous and defined as hairs are given a semi-permanent shape. Brow Lamination is especially suitable for unruly, stubborn brows as the hairs are softened and stabilised. Gaps in the brows are hidden and hairs can be easily shaped, styled and secured.

NEW: RefectoCil® Ultra Glue – its innovative formula is fast drying and efficiently locks the lashes onto the rods. Together with self-adhesive Lifting Pads the Ultra Kit offers a more seamless application. For a more intense look, lashes can be tinted directly on the Lifting Pads immediately after the lifting treatment.

- Special shaped lifting pads for a fanned-out look
- Self-adhesive Lifting Pads
- Ultra Glue – quick drying formula
- Brow & Lash Perm timing 8 + 4 minutes

## Contents:

2 x Brow & Lash Perm Solution 3.5ml  
2 x Neutraliser 3.5ml  
1 x Brow & Lash Styling Glue Ultra  
1 x Eyelash Lifter
